

Notice of a scheduled power outage

BC Hydro will be making electrical system improvements in your area. We need to switch off power for about hours to keep crews and the public safe while we complete this important work.

Where:

When:

Time:

Outage reference number:

To protect your equipment from damage during the outage, please turn off all lights, electrical heaters, major appliances and unplug all electronics.

We're sorry for the inconvenience. We'll restore power as soon as we can.

Landlords, please pass this information on to your tenants.

Only customers receiving this notice will be affected when the power is switched off. That could mean that the power will be out at your home or building but not at your neighbour's. This scheduled outage may be cancelled without notice due to adverse weather conditions.

For the latest information on the status of your scheduled outage, visit bchydro.com/outages, or call 1 800 BCHYDRO (1 800 224 9376).
